

# HARVIA LEGEND

HPO704XE

Harvia Legend electric sauna heater, now in a new size, continues the Finnish sauna tradition and the story of unwavering Harvia quality! The compact Legend electric sauna heater brings the soft steam baths into small family saunas.

## Advantages

- The large amount of stones in the tall Harvia Legend XE pillar model creates a pleasant feeling for home saunas. Digital and modern control ensures the perfect sauna experience.
- The Harvia Legend XE electric sauna heater a range of features and is easy to install in a new or old sauna. It does not require a separate control unit installed in a dry room. All connections, such as the control panel, door sensor and temperature sensor are connected directly to the heater.
- Harvia's new heating element tunnel solution, with the elements separated into their own space within the stone space, ensures quick heating time and steady heat in the sauna. The heating element tunnel also enables a more relaxing and quieter steam bath with an even temperature, but it can also provide a properly hot steam bath if you like.
- The versatile and intuitive Xenio control panel is equipped with illuminated touch keys and digital displays. The control panel makes it simple to turn on the sauna heater, set the desired temperature, control the lighting, turn the heater on at a specific time, and to regulate the temperature. The control panel can be placed inside the sauna, doubling as an accurate digital thermometer.
- The Legend XE is easy to update to be remotely controllable with the Xenio WiFi accessory package and MyHarvia mobile application. Learn about the MyHarvia mobile application at [www.myharvia.com](http://www.myharvia.com).

## Features

Main material : Steel

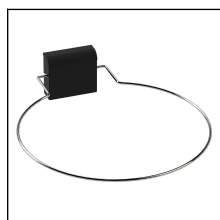

H x W x D : 1080.0 x 325.0 x 325.0 mm

Net weight (kg) : 18.0

Installation location : Floor
